### CITIZEN SATISFACTION SURVEY RESULTS

Mayor  
Georgia  
Lord

### HELP CITY KNOW HOW WE'RE DOING FOR OUR RESIDENTS, GUIDES CITY COUNCIL IN FUTURE DECISIONS

The results of the 2015 Goodyear Citizen Satisfaction Survey are in, and we thank those who took the time to respond.

The Goodyear Citizen Satisfaction Survey is conducted every two years for the city by the National Research Center. The survey was mailed to 3,000 randomly-selected households in all areas of the city in late 2015. City Council will use the results of the survey as a guide for helping make future decisions and improve upon areas as needed.

We are pleased to see that 93 percent of the residents who completed the survey are happy with where they live and 92 percent like their neighborhood.

Nine out of 10 feel safe in the city – and four out of five would recommend Goodyear as a place for others to live.

The city of Goodyear strives to provide the best services possible for our residents. Most of all, we want to know that our public safety services are providing strong customer service.

With 85 percent of survey respondents saying the city is a good place to raise kids, and 84 percent supporting Goodyear as a place to retire; we know that Goodyear is the kind of community that welcomes everyone.

Residents would like to see more entertainment options in the city, and I can assure you that our Economic Development team is working hard each day to make that happen. The Harkins Theatres 16-screen megaplex movie theater near Interstate 10 and PebbleCreek Parkway is scheduled to open later this year, and we are working with a number of retailers and restaurants to showcase all that Goodyear has to offer.

We are happy with the results of the Citizen Satisfaction Survey, and we will keep looking at the most efficient ways to provide the best services possible.

For more information about the results of the Goodyear Citizen Satisfaction Survey, go to:

## Council Corner

### BE SAFE DURING OUTSIDE ACTIVITIES

It's the perfect time of year to step outside and enjoy the beautiful weather here in Goodyear! As a mother of two young children, I love to see my family participate in outdoor recreation activities like biking, roller skating, and walking together. But sharing the road with motorists during these activities can be dangerous if cyclists and pedestrians don't take the proper precautions. Here are a few tips to help you and your family stay safe as you enjoy the cool weather while it lasts.

- Wear bright-colored clothing or reflective gear, especially at night, to ensure that you are visible to drivers.
- Be alert, attentive, and aware of your surroundings at all times.
- Always wear a helmet when riding your bike, roller skates, rollerblades or scooter.
- Be sure to always ride or walk with the flow of traffic.

As another means to educate our active youth, the city of Goodyear's Fire Department teaches bike and helmet safety during the "Fire Pal" programs in elementary schools throughout the city. Furthermore, the city's Police Department operates the "Lids on Kids" program, which educates and motivates children to wear helmets when riding bikes and scooters, and also encourages schools to promote helmet use.

It is critically important that our residents of all ages obey traffic and pedestrian rules to stay safe and avoid accidents or injuries while sharing the road with motorists.

Stay safe and be careful while enjoying our lovely city! I hope to see you out and about soon!

Vice  
Mayor  
Sheri  
Lauritano

# Avoid Texting While Driving

According to the National Highway Traffic Safety Administration, each day more than 1,000 people are injured due to texting while driving and accounts for more than 3,000 deaths each year. Texting while driving can have the same effect as drinking four alcoholic beverages. Statistics show this is not just a teen problem – 47 percent of adults admit they text while driving.

A few tips to stay safe when driving:

- Never use your phone while driving.
- Place your phone somewhere you can't see it.
- Set your phone to silent.
- Have a passenger be the designated person to text.
- Pull over to a safe location to take the call/text or wait until you arrive at your destination.

# FLY YOUR DRONE RESPONSIBLY

Unmanned aircraft systems (UAS), including drones, are increasingly available. But did you know the Federal Aviation Administration (FAA) has rules and regulates this equipment? Here are some facts you might not have known:

- FAA now requires all UAS, including drones, to be registered.
- UAS/drones are prohibited from operating within a five mile radius of any towered airport - including Phoenix-Goodyear Airport - without notifying the airport and the control tower.
- Notify Phoenix-Goodyear Airport and the FAA BEFORE flying a drone near it.

Drone pilots should visit [GoodyearAirport.com](http://GoodyearAirport.com) for a link on the home page that provides safety tips, an informational video, and notification portal. Know Before You Fly so you can fly safely, responsibly, and have fun!

# Goodyear Fire hosts Firefighter Camp for Girls

**1** Firefighter Lora Davis, lead trainer for the camp, poses with the campers. Participants from left to right are: Siobhan Ferrall, Natalie Schulz, Bethany Reeves, Hannah Smock, Lacie Haltom, Chelsea Villa, and Esther Koster. Not pictured: Hailey Shank.

**2** Captain Hugo Bedolla instructs the campers on how to attach their safety belts.

**3** Firefighter Michael Palestro instructs the campers on how to properly secure a patient to a backboard.

**4** Firefighter Meghan Golbach instructs a camper on how to use the portable fire radio.

The Goodyear Fire Department was recently awarded the designation of **Premier EMS Agency** by the Arizona Department of Health Services, Bureau of Emergency Medical Services (EMS) and Trauma System. This recognizes the department's commitment to continually improve using quality assurance measurements. Implementation of a new Electronic Patient Care Reporting (ePCR) system – which collects data to establish and assess performance measurements – was an important addition to the department.

## Ask a Goodyear Police Canine, aka K9, Handler...

**Q: How many K9s does the Goodyear Police Department currently own?**

A: Started in 1995 with a single dog, the city currently has four K9s and handlers.

**Q: What is the role of a Goodyear K9?**

A: Goodyear's K9s are all dual-purpose dogs, trained in narcotics detection and patrol, unlike single-purpose that do one or the other. Dogs and handlers go through extensive training and certification processes in order to provide the best in public safety.

**Q: What kind of dog is a Goodyear K9?**

A: All are Belgian Malinois.

**Q: I thought police dogs were German Shepherds?**

A: There are several reasons Goodyear police use Belgian Malinois rather than German Shepherds. Primarily, Belgian Malinois are faster, more agile, and also lack the medical issues typically found in German Shepherds. They also are more readily available.

**Q: What kind of training do K9s receive?**

A: The K9 academy typically runs eight to 10 weeks and consists of obedience training, detection in narcotics or explosives, building searches, area searches, tracking and handler protection. K9s may go on to specialized certification training conducted in-house by a certified instructor.

**Q: Where can I learn more about the Goodyear K9s and police dogs in general?**

A: Visit [desertdogk9trials.com](http://desertdogk9trials.com) to learn more, or attend the free educational family event Desert Dog K9 Trials at Goodyear Ballpark, 1933 S. Ballpark Way, on April 16 and 17.

## TRAFFIC SAFETY TIP

**Goodyear Police want you to stay safe.**

**This month: Crosswalks and pedestrians in roadways**

Arizona state law (ARS Title 28-793) – which regulates crosswalks – states pedestrians must use the crosswalk if one is present, “between adjacent intersections at which traffic control signals are in operation.” There is no absolute definition of “adjacent intersections” so one must exercise caution and use common sense.

If there's a crosswalk nearby, use it – the time saved to run across a street rather than walk to a nearby crosswalk is not worth the risk. Although the pedestrian or bicyclist has the right of way while in a crosswalk, they may not always be seen by the driver.

If a crosswalk is not present, the pedestrian or bicyclist shall yield the right-of-way to all vehicles on that roadway. Bright colored clothing or reflectors at night also are a great idea to be more visible.

Take your time and cross only when safe to do so. Remember, a vehicle driver may not be expecting a pedestrian or bicyclist to cross the road.

Traffic-related questions can be sent to Goodyear PD Traffic Unit Sgt. J. Seabright at [jseabright@goodyearaz.gov](mailto:jseabright@goodyearaz.gov) or call at 623-882-7735.
